### **VVA Speaker Series Welcomes Victoria Woolfolk '13**

On December 16, 2025 Victoria Woolfolk from the Class of 2013 presented to the Villa staff and students at the first (of two) Alumnae Speaker Series of the school year. The Alumnae Speaker Series is an initiative of the Villa Board of Directors. Victoria had the distinction of being the 20th Alumnae Speaker since the inception of the series in 2017.

Currently serving as a Renewal Sales Operations Manager at CheckPoint Software Technologies, Woolfolk diagnoses operational inefficiencies and provides actionable recommendations for process improvements. She currently serves as the Communication Chair for the VALOR (Veterans, Active Duty, and Allies, Leadership Opportunities and Resources) Employee Resource Group and is on the CEO Advisory Council.

Previously, Victoria served as a Project Consultant and Financial Analyst at Capital Stack Advisors in Hackensack, NJ, where she specialized in analyzing healthcare facility operations and preparing comprehensive loan offerings for commercial projects up to \$72 million.

Victoria holds an MBA in International Business and Marketing from Fairleigh Dickinson University, where she also earned a Bachelor of Science in Finance with a dual major in Business Administration and a minor in Spanish Language and Literature.

Outside of her professional endeavors, Victoria serves as the Vice President of the Trenton Torch Club and the Treasurer of the International Torch Foundation. She also serves as the Pearl Institute Committee Chairman of the Epsilon Upsilon Omega Chapter of Alpha Kappa Alpha Sorority Incorporated. She is particularly passionate about family and spends her free time exploring new destinations, immersing herself in literature, and contributing to causes that promote education and community development.

Thank you Victoria for a great presentation to our students! And thank you to our sponsor who provided the students with a fun gift.
